

Contactless

Cookie Payment & Delivery

It's more important than ever to ensure our Girl Scouts, volunteers and customers are staying safe while participating in the Girl Scout Cookie Program. That means taking protective precautions by wearing masks and socially distancing, and going "contactless" wherever possible.

100 % Contactless Options

Operation Taste of Home Donations

Donations can be made online via credit card.

Direct Shipping Option

Cookies can be purchased online via Digital Cookie or GrubHub and shipped directly to the customers home.

Options for Making In-person Interactions Safer

Pre-Paid Girl Delivery Orders & Virtual Cookie Booths

Even if you plan to deliver cookies in-person, customers can use your Girl Scout's Digital Cookie link to make their payment online. Then, you can arrange to leave cookies in a safe place for the customer to retrieve, without contact. Leaving a handwritten thank you note with your cookies is always a nice touch!

If you will be making many deliveries, consider a cookie pick-up day. Your customers can drive up and have their cookies loaded into their vehicle without needing close contact.

In-Person Cookie Booths or Drive-Thrus

Create a plan ahead of time for managing socially distanced order-taking. Some ideas include a large menu or sign that you can point to, sign language, charades, etc. If the customer is willing to pay with their credit card, use the OCR Scanning Tool in the Digital Cookie app. No need to touch their card!

Ask if you can place cookies in their backseat or trunk, or bag cookies and deliver using a tray or bin.

**For all situations where girls will be interacting with customers, be sure to follow all local guidelines as well as council's requirements, have hand sanitizer available and used frequently, and if girls will be around cars, consider using traffic control devices to ensure safety (cones, signs etc.). Also, be sure to check with your local government for any restrictions around pop-up/drive-thru booths.*
