

# Hmm...Where do I find that again?

## A Guide to the Volunteer Website for the Cookie Program

The Girl Scout Cookie Program is many things - amazing, inspiring, rewarding, fun - and overwhelming at times! We get it. We've been doing this a long time, and over the years we've accumulated TONS of forms, resources, and more to help you, the volunteer, succeed in leading your Girl Scouts to their most successful Cookie Program yet.

In 2020, we made the transition from using printed manuals to a “microsite” or Volunteer Website for Product Programs.

**Go to the Volunteer Website for Product Programs**

The volunteer website has made it so much easier to update information and add new/improved resources throughout to meet the needs of volunteers in real time. It also eliminated a large expense of printing and distributing physical manuals that would often be outdated as soon as they reached you because of date changes, unexpected obstacles, etc. It's now easier than ever to access all of the information you need to manage your troop or service unit Cookie Program - so what could be the problem? Many volunteers have told us without an index (like they once had in the manual), they're not sure where to find that information.

Enter: this “index” - a handy tool to help you get a better grasp on where and how to find the information and resources you need quickly and easily! Find what you're looking by searching the alphabetized list of cookie topics, then clicking on the link to go directly to the webpage that information lives on.
